To Jacques and the staff at Africa Maximum Safaris

Thanks so much for making our honeymoon safari the experience of a lifetime. From the moment we were picked up at the airport, we were attended to 24/7. The services – laundry, meals, transportation, rooms, lodge, etc were excellent!

The awesome hunting experience was the highlight of course, and exceeded our grandest imagination. In 7 days of hunting 4 different concessions, we took 9 beautiful trophies, including a zebra, waterbuck and a spectacular 60 inch trophy kudu!

Even greater than the trophies themselves was our experience with our PH, Van Zyl du Toit. Van's knowledge of African hunting and his spotting and trophy judgment skills were incredible. The 13 foot python that Van spotted in the process of eating a young male impala is something that we will always feel fortunate for having witnessed. We began our safari with Van as our PH and his clients – but when we left, we left as friends.

We also enjoyed our non-hunting days with trips to the market, the spa, and a photo safari in the Pilanesberg Park.

Thanks so much for the wonderful experience!!!

Jeff & Mickelle Giefer
